

# MediaPort 4010 DVB/ASI and HD MPEG-2 MediaPort 1002 SDI/SDTI

## Quick Reference Guide

### MediaPort 4010 Rear Panel Components

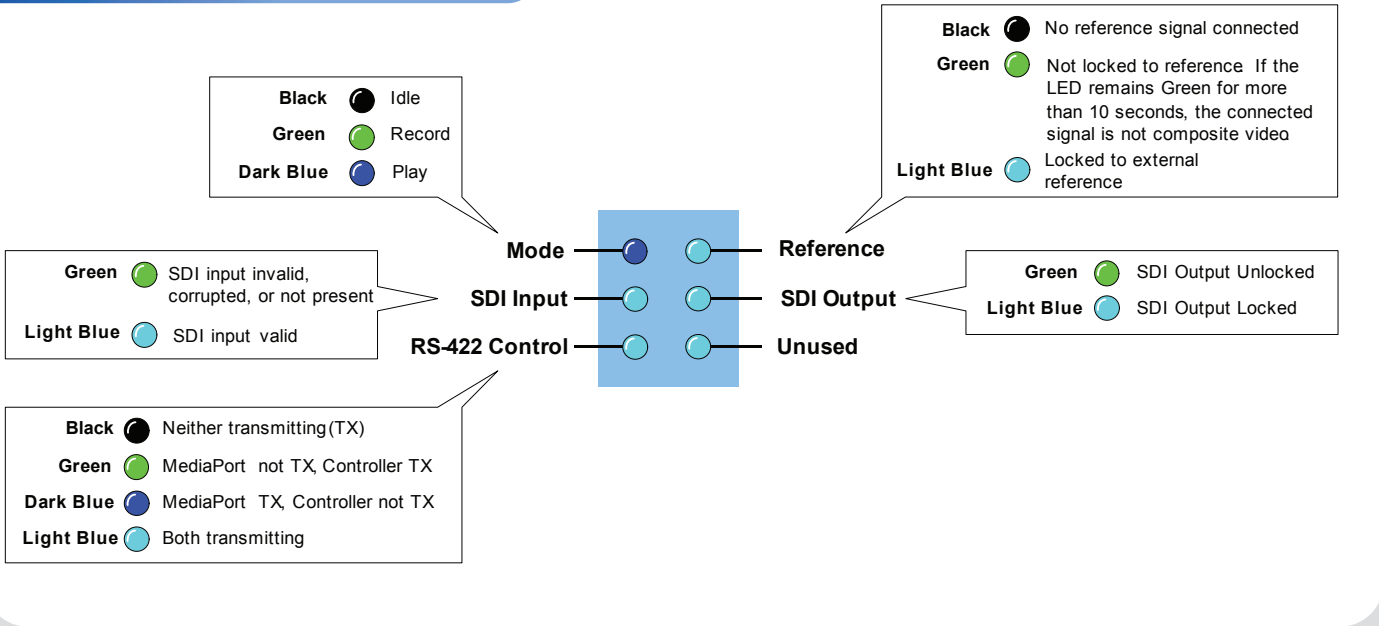

- |                            |                           |                     |
|----------------------------|---------------------------|---------------------|
| 1 AC IN                    | 5 DVB/ASI Output Stream A | 9 RS-422 Port B     |
| 2 Air Vents (do not block) | 6 DVB/ASI Output Stream B | 10 IEEE 1394a Ports |
| 3 DVB/ASI Input            | 7 Reference Loop          |                     |
| 4 DVB/ASI Loop Through     | 8 RS-422 Port A           |                     |

### MediaPort 1002 Rear Panel Components

- |                    |                       |                         |
|--------------------|-----------------------|-------------------------|
| 1 AC IN            | 5 Composite Video Out | 9 Reference Loop        |
| 2 AES Input Group  | 6 SDI Input           | 10 RS-422 Port          |
| 3 AES Output Group | 7 SDI Loop Through    | 11 For Service use only |
| 4 LTC Group        | 8 SDI Outputs         | 12 IEEE 1394a Ports     |
