Memorandum

Date: August 23, 2016
To: Harmonic NMX Customers and Channel Partners
From: Mangesh Kalbhor, Product Manager - NMX
Subject: NMX 7.5.2 GA Software Release

Harmonic is pleased to announce the release of NMX 7.5.2 general availability (GA) software for NMX Digital Service Manager and systems. This release is a patch release on NMX 7.5.x with a focus on resolving customer reported issues.

NMX 7.5.2 introduces some key enhancements that greatly improve NMX and the various systems and products it controls. These include:

- NMX Client support for non-Administrative privilege
- NMX Client supported on Windows 10 along with Windows 7
- 'Spreadsheet View' usability enhancement 'Go To Spreadsheet'
- SAPI command for encoder failover redundancy
- Separation of Alarm Logs and Events in the alarm history log database
- Multiple NMX Server Protection

For a complete list of resolved issues in NMX 7.5.2, please see the release notes, user guides and application notes.

This release is available for immediate download for customers with an active SLA via Harmonic's software download portal.
